

WIG GEORGE EASTMAN HOPES CANADA WILL BE A BETTER PLACE THAN BISLEY THIS YEAR

OUT WAR OFFICE SEEMS TO HOLD STRIKEFIELD

Resolution Prays That Conditions Won't Take Effect Until 1915 Meeting.

LORD CLEYMORE IS TARGET FOR CRITICISM

Openly Accused of Having Done His Best to Bring About Present Crash.

London, Feb. 16.—Members of the National Rifle Association met on Saturday for the general winter meeting. The meeting is an annual affair, and on ordinary occasions engaged in more or less perfunctory business of adopting the report of the N. R. A. Council and the election of new members to its board. On this occasion, however, the big attendance indicated that something was in the wind. After the formal business had been cleared away, a great deal of discussion took place concerning the new rules that the War Office, through the army council, is insisting on for the government of the War Office and the new regulations in force on Saturday for the general winter meeting. The meeting is an annual affair, and on ordinary occasions engaged in more or less perfunctory business of adopting the report of the N. R. A. Council and the election of new members to its board. On this occasion, however, the big attendance indicated that something was in the wind. After the formal business had been cleared away, a great deal of discussion took place concerning the new rules that the War Office, through the army council, is insisting on for the government of the War Office and the new regulations in force on Saturday for the general winter meeting.

Letter From King George

Lord Cleymore, however, read a letter from His Majesty, King George, expressing his earnest hope that Canadians would not be prevented from attending at Bisley this year.

A member jumped up, "Sir," said he, addressing the court, "have you examined the real condition of things at Bisley?"

"No," answered Lord Cleymore, "I have not." The member then read a letter from His Majesty, King George, expressing his earnest hope that Canadians would not be prevented from attending at Bisley this year.

Scant Majority Decried

Kreisler, Germany, Feb. 16.—The great majority of the parties composed the left in the Reichstag was furiously denouncing the election of a clerical in the seventh Baden district.

She Wants Alimony

Colony, Feb. 16.—Mrs. Beatrice Leitch has entered an action against her husband, Joe Leitch, for alimony. She charges him with extreme cruelty.

EDMONTON CAPITAL

CITIZENS SHOULD NOT FORGET THAT EDMONTON IS CITY

Prompt Mail Delivery Retarded by Letters Being Insufficiently Addressed.

3,000 LETTERS DAILY THROUGH POST OFFICE

Many Letters Have to be Returned Owing to Carelessness.

"That the post office clerks are really called on to do a lot of extra work which delays the despatch of the mails considerably is the information given in a letter from Postmaster Armstrong to P. T. Fisher, the secretary of the board of trade. The latter had occasion some days ago to call the attention of the postmaster to the fact that he had received lately a number of complaints from men living in outside cities who had mailed letters to well known men in Edmonton. The letters, not having the street name and house number affixed were returned to the dead letter office."

Colony, Feb. 16.—Mrs. Beatrice Leitch has entered an action against her husband, Joe Leitch, for alimony. She charges him with extreme cruelty.

GAS DRILLERS ARE WILLING TO PUT UP REASONABLE BOND

James Post, of Victoria, Ont., head of the firm whose tender for drilling for gas at Viking, is now on his way west to arrange final plans for the work to be proceeded with. He sent a telegram to the industrial association to the effect that they would be willing to put up any reasonable bond that they would go down 2,500 feet, but considered the time, 100 days, a little too short, as circumstances may arise which might delay them considerably. The industrial will have a contract to submit to him when he reaches the city and efforts are being made to start drilling for gas at the earliest possible moment.

EXPECTED LARGE DELEGATION WILL VISIT TORONTO

Edmonton Will Probably Send Most of Any City in West.

ASSOCIATED ADVERTISING CLUBS WILL MEET THERE

Pacific Coast Delegates Stop Off in City for Two Days.

"W. A. Mackenzie, representing the Toronto Ad. club, was in the city Saturday afternoon and paid a visit to Secretary Milne of the industrial association. He was accompanied by a large delegation as possible go on the idea, yet that the city is still a small town where it is not necessary to give the street name or house number of the person to whom a letter is being sent. The postmaster states further that there are upwards of 1,000 letters daily passing through the post office for address or change of address and that the department is making thousands of corrections in the directory and doing everything possible to keep up to date and thus to prevent the loss of letters."

HUDSON'S BAY STAFF MAKES PRESENTATION TO WILLIAM LORRISON

William Lorrison, who has resigned from the Hudson's Bay company's service, and who gave such a delightful speech at the late convention of the Hudson's Bay company, has been made the recipient of a pair of engraved diamond cuff links from the employees, as a token of esteem, which was delivered to him by one of the staff.

May Abandon Tug

Donne Bay, N.E. Feb. 16.—Officers of the United States naval tug "Albatross" have been ordered to abandon the tug that they had on board 20 tons of coal and food enough for fifteen days. The tug was found to be unsound in the Gulf of St. Lawrence, and it will be necessary to abandon the tug.

PROVES LIBERALS HAVE INTEREST OF FARMERS AT HEART

SASKATCHEWAN COMES SECOND ON THE LIST

In Ontario and B. C. Under Conservative Rule a Poor Showing.

According to the Agricultural Gazette of Canada, a new publication issued monthly under the direction of Hon. Martin Hurvell, dominion minister of agriculture, Alberta expends more money per capita on agriculture and agricultural education than any other province in Canada. The amounts spent in this way by each province in 1913 were:

Alberta, \$90,020; Saskatchewan, \$62,414; Manitoba, \$22,707; British Columbia, \$22,081; Ontario, \$19,675; Quebec, \$16,550; Nova Scotia, \$7,820; New Brunswick, \$4,200; and Prince Edward Island, \$1,740.

Charles S. Hotchkiss, provincial publicity commissioner, has secured the first issue of the gazette and states that the dominion grant for 1913 was paid to Alberta on a basis of 435,000 population, which means that over \$2 was spent by the provincial department of agriculture for every man, woman and child in the province.

MILITANTS FIRE CAUTION; FOR SIXTY YEARS WAS SILENT

Inhabitants of Blackburn Rush to Streets Think Mine Explosion Occurred.

PROTEST AGAINST LABOR MEN SUPPORTING ASSAULT

Suffragettes Idea to Rouse Cotton Workers to Support Their Propaganda.

For New C. P. R. Tunnel

Ottawa, Feb. 16.—An expedition by the C. P. R. to construct a large tunnel in Glacier Park near Eagle Pass has been granted by the government. The tunnel will be bored through from Leaver mouth and Repe creek, mile 71.16 to mile 85.55, a distance of about 14 miles.

PRINCESS' LOVE FOR TOBACCO MAKES PARIS GASP

Princess Eulalia of Spain.

The king of Spain and his beautiful wife, the Infanta Eulalia, are the talk of all Paris, for have they not joined the ranks of head-strong royalty who dare to trample on things convention? The Infanta substantiated all rumors to the effect that she was addicted to cigarette smoking recently by smoking six of the little paper-tubed cigars while seated in a prominent box at Scala Music hall. King Alfonso heartily endorsed his aunt's audacity in smoking with her. The Queen of Spain is known to be fond of cigarettes, but she has never smoked in public.

CURLING RESULTS

In the 9 o'clock draw this morning at the Royal rink, Kinross beat O'Donnell 11 to 10 in the Blackman Rink, and Johnson beat Slater 12 to 11 in the same event.

Cancer Not Dangerous

Paris, Feb. 16.—The cancer of the tongue is not dangerous, if operated upon promptly, is the announcement made today by two French surgeons. Out of 225 operations, 108 cures were effected. The public are warned that while excision on the tongue should be examined by a surgeon immediately.

Newspaperman in City

Colin Kelly, editor of the "Taber Times" and formerly an Edmonton newspaper man, is in the city today. He reports conditions improving in the southern part of the province.

SEVERAL CABINET MINISTERS WILL GIVE ADDRESSES

OFFICERS TO BE ELECTED FOR THE ENSUING YEAR

Entertainment Feature Looked After by Turner's Orchestra and Douglas Quartette.

Everything is ready for the big annual meeting tonight of the Johnston Liberal association in the Empire auditorium, commencing promptly at 8 o'clock. Hon. A. G. MacKay, Hon. Duncan Marshall, Hon. A. J. McLean, Hon. Wilfrid Garfield, Hon. C. W. Mitchell and Hon. Charles Stewart are the provincial ministers likely to appear. Of these Messrs. Stewart and McLean arrived in the city this morning, while Messrs. Cross and Marshall will reach here this afternoon. Besides the members of the cabinet, Hon. A. G. MacKay and others will also speak, and as there will be the annual election of officers and other important business with a large crowd attending, all liberals are asked to get to the auditorium early. The entertainment feature of the meeting will be well looked after by Turner's orchestra and Douglas quartette.

\$65,000 PENALTY FOR REGISTERING AN ILLEGAL VOTE

Sir Stuart Montague Samuel Ordered by Court to Pay Big Amount.

HIS FIRM HAD CONTRACT FOR BRITISH GOVERNMENT

Was Compelled to Vacate His Seat But Has Been Re-elected.

London, Feb. 16.—Sir Stuart Montague Samuel, radical member of parliament for Whitechapel was re-elected today, by Sir Sydney Rowland of the kings bench division to pay penalties amounting to \$65,000 because he voted in the house of commons, while his firm had a contract with the British Government for the Indian government.

FRIENDS URGE AUDIT OF BOOKS OF FORMER STATE TREASURER

Buffalo, N. Y., Feb. 16.—A complete investigation of the affairs of the late William H. Hall, former state treasurer, who committed suicide at his hotel here yesterday, was demanded today by his friends and relatives. Confidence was expressed that such an inquiry will disclose that the affairs of the state treasurer had been correctly administered.

William H. Kennedy, the son, sent a telegram to Governor Glynn urging an audit of his father's account as state treasurer.

No explanation of the suicide was forthcoming today other than the one first given out to the effect that Mr. Kennedy took his life while temporarily deranged and that the derangement was caused by brooding over the impending order of re-examination of his father's account.

DON'T WORRY! LET A LITTLE WANT AD IN THE CAPITAL GET YOU WHAT YOU WANT

AGRICULTURISTS ARE FAVORED BY NEW REGULATIONS

Cattlemen Have Signified Their Intention of Giving up Foothills Country as Soon as Farmers Acquire Enough Stock—Existing Leases Not Disturbed Until Expiration.

Ottawa Feb. 16.—New regulations governing ranching in the three prairie provinces were adopted by the cabinet on Saturday. In future the maximum area granted under lease to any one person would be a half section. No particular part of the province is set aside for ranching, but the regulations apply to the whole of the three. Applications for grazing leases on any land will only be granted after the land is determined whether the land is in question is grazing or agricultural land. Where the farmers adjoining grazing land express their desire that this be retained as a common for all to use for their stock, no lease will be granted. Leases must fence the area they obtain under lease. Leases will be granted ten years but existing leases will not be disturbed until their expiration.

West of the Calgary-Edmonton and

Calgary-Macleod railways, what is known as the foothills country, is now nearly all under lease and in very large blocks. Here the lessees of these great areas have signified their intention of giving up a part of their grazing lands as soon as the farmers acquire stock. These areas will likely be held as commons and will be for the use of all the farmers engaged in stock raising.

Lessees will be required to have one head of horses or cattle or five sheep for every 30 acres, where the inspectors believe that the land will carry that amount of stock they will fix the number they consider should be grazed on each area. Twenty-five per cent. of the required stock must be played the first year on each leased area granted. At least 30 per cent. of the stock must always be breeding stock.

Chest Colds and Hoarseness Quickly Rubbed Away "Nerviline" Gives Speedy Relief and Cures Over Night.

Got a cold?
Is your voice raspy—is your chest congested or sore?
If so, you are the very person that Nerviline will cure in a day.
Nerviline is strong and penetrating. It sinks right into the tissues, takes out inflammation and soreness, destroys colds in a truly wonderful way. Rub Nerviline over the chest—only on the outside of it, and watch that tightness disappear. Nerviline won't blister, it sinks in too fast—doesn't simply stay on the surface like a thick, oily liniment would. If the throat is raspy and sore, rub it well outside with Nerviline and use Nerviline as a gargle diluted with warm water. Just one or two treatments like this and your voice and throat will be quick normal again.

Just think of it—for forty years the largest used family medicine in this country—Nerviline must be good, must quickly relieve and cure a hundred ills that befall every family. Try it for sore throat, toothache, colds, sore chest, hoarseness and muscular pains in every part of the body. Large family size bottle 50c.; trial size 25c. at all dealers.

FEELING BETWEEN DEPARTMENTS IS NOT HARMONIOUS

City Superintendents Complain of Mistakes, Overcharge and Inefficiency.

LINTHICUM LAYS BLAME
ON LACK OF CO-OPERATION

Mayor to Get Written Opinion on Matter From All Heads.

With the exception of the department of engineering, all city departments have been wholly dissatisfied with their dealings with the stores and works during the past year. The dissatisfaction has not only been voiced among the superintendents, but the dissatisfaction has extended in all phases of the stores and works activities. Superintendents complain of a multitude of gross mistakes, of overcharges and of lack of proficient service.

A meeting of city commissioners and department heads was held at the council chambers Saturday afternoon to discuss the question of policy to be followed this year in order to bring about a responsible and efficient operation of the stores and works. The discussion was fairly thorough and consisted of statements of shortcomings of the stores and works, and an expression in favor of permitting each superintendent to purchase for his own department all goods of a technical nature. They opined that the stores and works might do well in stocking and supplying such goods as are common to all departments.

Select Own Goods.
M. S. Booth, safety and health commissioner, suggested that each superintendent select his own goods and send a duplicate invoice or order to the stores and works department. He suggested that the stores be made a warehouse and be operated as such. Mr. Booth further suggested that the charge be 2-1/2 per cent.
Deputy Finance Commissioner C. L. Richmond suggested that the advisability of permitting department heads to purchase some goods and require them to buy some through the stores and works. He said that the departments must either buy for themselves or buy through the stores, because if a superintendent is permitted to buy anything outside he will buy about everything outside.

Present System Condemned.
The system inaugurated last year, despite so much departmental protest, was heartily condemned and pronounced impracticable by the stores and works superintendent J. C. Linthicum pronounced it improper.
That central purchasing is entirely necessary, and that in the end the city will save much money, regardless of overcost to departments of small articles, was the opinion of Mr. Linthicum. He said that he had no further personal interest in the department and gave his opinion very frankly and according to his own convictions, after having experienced much business along such lines.

Mr. Linthicum said that the stores and works department required co-operation of other departments and that until there was such, there would be trouble. He charged that departments had made little effort to get properly work with his department, with the exception of the telephone department. He said that that department had that department had been harmonious and that proper service had been furnished.

He had no trouble with the engineering department and the engineering department's operations constituted 75 per cent. of his business.
Following the discussion, the mayor requested each department head to set forward his views in a written report not to exceed 200 words.

Appendix is Useful

Paris, Feb. 16.—The society of Biology announced today the verification of a useful organ. After an injection in a patient of a minute quantity of dry aspidic powder, better work by the stomachic organs was obtained within a half hour.

FIRST HORSE SHOW WILL BE SUCCESS

New Stock Pavilion Stated to Be the Most Commodious in Dominion.

NEW YORK STOCK SHOW
Had Very Small Beginning But Has Gradually Become Known as the Best.

With preparations well under way for the first annual Horse Show to be held in Edmonton from April 7 to 11, a glimpse at the history in brief of the New York Horse Show which for 30 years has been conducted in the heart of New York City is very interesting at least to the citizens who are interested in the horses.

While the New York show has been held during all these years the interest in this annual event is not waning in the least and it is year by year continuing to be one of the foremost society functions as well as one of the most interesting shows ever to be seen. It is participated in by all classes and never fails to be a big drawing card every year and some new innovations added to the show.

Great Change Noticed.
Vast, indeed, is the difference between the horse shows of today and the first which was held 30 years ago in the old Gilmore garden, New York, a ramshackle structure which was at one time the station of the New Haven road. It was a brave band of horse lovers then which decided to hold the first show for horses only, as opposed to the county and state fairs in which all kinds of cattle were shown. In these exhibitions there was considerable variety, while in a horse show the trotter, the thoroughbred, the pony, heavy draught horse and the cob, now known as the hackney, were the only ones worth considering.

In order to give more diversity, mules and donkeys were classified, prizes were offered for police horses and from time to time there were competitions in hitching and driving for fire horses. Shows were also held for butcher-catt boys who still survived the Tweed days, for the best and fastest walking horse and other competitions, many of which have passed with the years.

Little to Attract.
There was little to attract society in those days for the old garden was a rude place with little accommodation for spectators when the ring had been erected, the balconies being flimsy little structures at each end, not in the least suitable for the display of costly goods. There were no stands, true, but they were on the ground, and there was no promenade. In fact it was a show solely for the horse.

In those days the trotters and roadsters were in high favor. The wealthy members of the city loved their afternoon on the road and the brushes of the Hackney jump up to the famous road house over Manhattan Dam where the carriage horses being all of trotting-bred stock.

These men came to the show with their horses and rode or drove them while their friends looked on, keenly interested in the awards and equally keen at finding fault with the judges, who knew little of the present day points, but covered their deficiencies by what might be called "horse sense." Nevertheless, success was immediate.

Interest Grew Early.
The attendance increased wonderfully the second year and with each succeeding year the interest grew until in 1883 it was apparent that the old railway station was no place for the great social function the horse show had come to be in spite of the enormous drawbacks in the way of housing.

In fact, the show had been omitted the year before because the garden was undergoing repairs, a part of the wall and the balcony having given way, no more had been strain on the old walls due to the masses of people that thronged into it. Determined to build another structure stood prevented the holding of the show again in 1885. In 1890 the first exhibition in the new Madison Square garden took place. The building had been opened in July with a few concerts, and was well known to the community from the old one that came before the time for the show arrived the demand for seats was unprecedented and the entry list was swelling so fast that it bade fair to double that of any previous year.

Boxes Sold at Auction.
The boxes were sold at auction at more thousands of dollars above the usual prices for the week, and the second launching of the show in a building that was thought to be the

Hand back all SPEARMINT unless you see the name "WRIGLEY'S" and this spear:

Tell your children—your friends—always to look for these two things or they will get one of the vile mixtures wrapped to resemble the delicious genuine. These are being offered (even from wagons) at any price.

FIVE COUNCILLORS TO BE ELECTED TO HOSPITAL BOARD

Owing to Last Charter Hospitals Must This Year be Under Commission.

NO EXPENDITURES TO BE MADE WITHOUT SANCTION

Report of Alderman Will Suggest Way for City to Have Direct Control.

KING GEORGE WILL BECOME RICHER THIS YEAR BY \$50,000

London, Feb. 16.—King George becomes £50,000 richer this year, when the £100,000 gift to the hospital fund is made. The policy was taken out for him by Queen Victoria on his marriage in 1840. On becoming Prince of Wales he wanted to realize the policy to meet the expense of furnishing Marlborough House. Mr. Gladstone, then prime minister, refused to pay the premiums for five years. Queen Victoria found the money useful, as she is saving all also for the younger sons.

OFFICERS ARE ELECTED AT ANNUAL MEETING OF ROYAL TRUST COMPANY.

At a meeting of the board of directors of the Royal Trust Company in Montreal, H. Y. Meredith, vice-president of the company, was elected president in place of the late Lord Strathcona and Mount Royal who was president of the company since his organization in 1899. Sir William C. Van Horne, K.C.M.G., was elected vice-president in Mr. Meredith's place. Mr. A. Macdonald, who is leaving Canada to reside in England, tendered his resignation as a director and as a member of the executive committee. Mr. Frederick Williams was elected general manager of the Bank of Montreal, was elected a seat on the board and on the executive committee to fill the vacancies caused by Mr. Macdonald's retirement.

this year takes steps to eliminate all direct municipal management of the hospitals.

While the city charter says that the hospitals shall be directed by a board or commission, at the same time it says that the commission shall in no way pledge the credit of the city. Without the city supplying the money the hospitals would not be running very long. A hundred thousand dollars is estimated as required to meet the deficit under hospital board management this year.

At the same time it is proposed that Alderman Clarke provides that no money shall be spent except with the approval of the safety and health commissioner. With the commission directing the spending, the city will have a dictum in the management of the institution.

Commissioner Booth be one of the city appointees upon the hospital board.

Consumption Takes Hundreds of People

every day in the year and the deadly germs claim more victims in cities than in rural districts, due no doubt to the increased number of indoor workers in confining quarters and their lack of sunshine.

Tubercular germs always attack when the system is weakened from colds or sickness, overwork, overstrain, continuing duties or any claim which has reduced the resistive forces of the body. But nature always provides a corrector and the best physicians emphasize that during changing climate our blood should be kept rich and pure and active by taking Scott's Emulsion after meals; the cod liver oil in Scott's Emulsion warms the body by enriching the blood—it particularly strengthens the lungs and upholds the resistive forces of the body to avoid colds and prevent consumption.

If you work indoors, tire easily, feel languid or nervous, Scott's Emulsion is the most strengthening food medicine known; it builds energy and strength and keeps the blood about as pure as any stimulating drug—every drugless has it.

CLARKE CORRECTS WRONG REPORTS

Says They Were Grossly Unfair
and Conveyed Altogether
Wrong Impression.

DID NOT CALL MEETING
One Man Government Sug-
gestion Not in Accordance
With Facts.

To the editor of the Capital:
While I do not intend to occupy my
time correcting the misrepresentation
and continued mis-statements of cer-
tain portions of the press during my
incumbency of the office of alderman,
I take the last act, that of the Bulletin
and Journal of Saturday, regarding
the draft report of the committee on
health and safety in connection with
the hospitals, as so grossly unfair and
conveying such an absolutely opposite
impression to the public as to what
actually did occur, that I ask the pub-
lication of this letter in connection
with that matter. The idea which
these papers intend to convey is that

FREIGHT TRAIN RUNS INTO OPEN SWITCH; ENGINEER KILLED

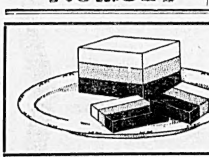

Calgary, Feb. 16.—The C. P. R. of-
fices here this morning gave out the
following statement:
"At 2:10 this morning a double
headed freight train westbound ran
into an open switch at Bellevue, turn-
ing the two engines over on the
sides and killing Engineer R. Thompson.
All the indications are that the
switch had been tampered with on a
train had passed over a short time
previously and there was no other
train which could have left it open.
The matter is in the hands of the
mounted police. Passenger traffic was
not delayed."

I took it upon myself to prepare,
single-handed, the committee's report
upon the hospital business.
The report in question does not and
did not pretend to be a report of the
committee, but simply a basis upon
which the committee could submit
something to the council to work upon.
The meeting of the committee was
not called by me as chairman, but by
the commissioner of health and safety
to advise with him.
The matter dealt with was one upon
which the opinion of the city solicitor,
which is attached to the draft report
is a last word, and must be followed,
and in addition, I requested the sec-
retary of the committee to enclose
this draft report with a letter to each
alderman, thus enabling all who had
to deal with the matter to be aware of
what was proposed.
Under these circumstances, to at-
tempt to lead the public to believe that
any one man government is so being
resurrected, as I submit, is not in ac-
cordance with the facts.
I trust that those who have been
misled by the statement and article
dealing with this matter in the Journal
and Bulletin, will be corrected by this
plain statement of facts.
JOSEPH A. CLARKE,
Alderman and Chairman of Health and
Safety Committee.
Edmonton, Feb. 14.

Health Talk Tonight
The Y.M.C.A. Health League will
be addressed tonight by W. A. Forth.
The subject is "Alcohol and Its Relation to
the Body." The admission is free, and all
are welcome.

By next autumn the citizens of
Edmonton or W. H. Clark can see a board
a Pullman and within a few days
alight in Prince Rupert, newest, a J
most promising of Pacific coast cities.
The inauguration of this traffic, as
well as the operation of the local
trains, will certainly work a change
here, and an enormous traffic is ex-
pected on the new route in 1916, as
the G.T.P. will make tremendous
efforts to obtain a large share of the
travel to and from the San Francisco
fair.

ANNUAL CONVENTION
OF I. O. G. T. NOW IN
SESSION IN CITY

In annual convention the largest
gathering of members of the In-
dependent Order of Good Templars Grand
Lodge is now meeting in the Grace
Methodist church. There are dele-
gates present from every Grand Tem-
plar lodge throughout the province of
Alberta. The session this morning was
called to order at 9 o'clock, and the
business of the day will be the plan-
ning of the work for the coming year,
the selection of committees and officers
and other important matters.

A formal welcome was extended to
the visiting delegates by the lodges of
the district of Edmonton in the Grace
Methodist church Saturday evening,
where the convention is being held.
Bro. Rev. T. S. Paviour presided, and
words of welcome and good cheer were
spoken by Bro. Rev. Lewis and Bro.
Rev. Aikin, also Bro. Featherbridge
and H. P. Brown. Fitting replies were
made by Bro. McTea, of Calgary, and
other visiting delegates.

The members present at this con-
vention attended divine service Sunday
morning in the Grace Methodist church,
where the exercises were conducted by
Rev. Paviour and the pastor, Rev. Lewis.
Many of the members enjoyed the
temperance meeting held in the afternoon
at the First Presbyterian church, where
Dr. R. M. Fulton gave an inspiring talk
on this important topic.

INTERESTING ADDRESS
UNDER AUSPICES OF
NEW THOUGHT TEMPLE

"My philosophy of life or what life
means to me," was the subject of an
address delivered by R. W. Warren
and Edwin Poole, at the New Thought
meeting, held yesterday afternoon in
the Blue Moon Tea Rooms. This was
followed by a free discussion on the
subject. A number of musical selec-
tions were rendered including a solo
by Mrs. Smith. These meetings are
proving very popular, which is shown
by the increasing congregations.

Conservatives to Meet
The South Side Conservative club
will meet in the club rooms on Tuesday
evening this week at eight o'clock.
One of the important speakers at this
meeting will be R. Patterson, M.P.C.,
of Peace River. There will also be
a number of addresses by other local
speakers.

PARKS DEPARTMENT BEING RE-CREATED

Thought a Total of \$126,000
Will be Passed for Year's
Work.

**WADING POOL IS LIKELY
FOR THE EAST END PARK**
Equipment Will be Provided for
Several Play Grounds
in City.

An expenditure of \$45,000 on opera-
tion and maintenance and such equip-
ment as would not come under the
head of capital charges, and an ex-
penditure of \$81,000 on capital charges
constitute estimates of their parks de-
partment which is in the process of
re-creation. The city council will re-
create the department of parks Tues-
day evening. It has already been ac-
tually re-established and Paul A. von
Auerberg is on the job as department
head. Owing to some charter confu-
sion it is not exactly clear, but that
the city council must do some official
creating in order to place the depart-
ment upon proper status. Therefore
a resolution is to be submitted to the
council for the purpose of re-estab-
lishing the parks department.
Parks and Market Commissioner A.
C. Harrison laid some park estimates
before the commissioners this morning
for consideration, pending their
going to the council, and these esti-
mates show a prosecution of park
improvement, and provisions for
playgrounds and breathing space
for the city.
It is suggested that a wading pool
be made at the East End park, that
a proper platform be provided, and
shelter for people boarding and alight-
ing from street cars, a proper hand-
stand and auditorium be built and
other minor improvements be made.
The program provides that some
equipment be provided in the several
central playgrounds, such as boys
street, old car barn site and the old
Twelfth street school site, and some
improvements to Rutherford park
on the south side. It is more than likely
that the old hospital block will be con-
verted into a breathing space and
playground. Such is desired.
The quarter mill decided upon as
the amount to be raised in current
revenue by taxes this year represents
about \$45,000 figured on an assess-
ment of \$100,000,000. This is where
the funds for maintenance and opera-
tion are to come from.
The capital expenditure of \$81,000 is
separate and apart from this other
fund, and the disposition made of this
estimate will determine in no small
measure the policy to be pursued re-
garding park development.

DAILY TRAINS TO RUN THIS SUMMER ACROSS CONTINENT

G. T. P. Ballasting Ganges Fol-
lowing Closely After Steel
From Both Ends.

PANAMA FAIR TRAFFIC
Service From Start to be Last
Word in Safety, Convenience
and Comfort.

(Special to the Capital)
Prince Rupert, Feb. 16.—The com-
mencement of the operation of a
transcontinental service on the G.T.P.
between Moncton and Prince Rupert
depends to a large extent on the pro-
gress of ballasting in the mountains.
Assuming that the last spike will be
driven next June, and there are many
who say the steel will be linked up
even earlier, it is very probable that
a through schedule will be effected
shortly after. Sometimes one hears
an opinion to the effect that for a
while at not more than two or three
times a week will be run be-
tween Prince Rupert and the east. An
enquiry as to this, however, shows it
is the intention to have a daily trans-
continental service from the first.

Following the linking up of steel,
the service will be confined to the pre-
sent local field for a short time, but
once the ballasting is all finished and
it is advertised to the world that the
way is complete from Moncton to
Prince Rupert, a train representing
the last word in safety, convenience
and comfort will roll into this city
from the other side of Canada every
24 hours.

As far as it can be learned at this
date a train of this description will
be due here every evening, while the
transcontinental train leaving Prince
Rupert for the east will pull out every
morning. These across-the-continent
trains will stop only at the most im-
portant points, and local trains will
be put on to care for other business.

Concerning the ballasting, the road
is ballasted right up to the grade as
far as mile 101 out of here, beyond
this point the different stages of the
work are being pushed ahead just
as rapidly and efficiently as circum-
stances permit and by the time the
final spike is driven home in the Ne-
chaco valley early next summer the
ballasting "bang" working toward each
other should not be far apart.

As far as McBride, west of the
Rockies, the line has been completed
for some time and a railroad
through service from Edmonton main-
tained. From there to Prince George
the steel is already down, and trains
run each way tri-weekly.

By next autumn the citizens of
Edmonton or W. H. Clark can see a board
a Pullman and within a few days
alight in Prince Rupert, newest, a J
most promising of Pacific coast cities.
The inauguration of this traffic, as
well as the operation of the local
trains, will certainly work a change
here, and an enormous traffic is ex-
pected on the new route in 1916, as
the G.T.P. will make tremendous
efforts to obtain a large share of the
travel to and from the San Francisco
fair.

ANNUAL CONVENTION
OF I. O. G. T. NOW IN
SESSION IN CITY

In annual convention the largest
gathering of members of the In-
dependent Order of Good Templars Grand
Lodge is now meeting in the Grace
Methodist church. There are dele-
gates present from every Grand Tem-
plar lodge throughout the province of
Alberta. The session this morning was
called to order at 9 o'clock, and the
business of the day will be the plan-
ning of the work for the coming year,
the selection of committees and officers
and other important matters.

A formal welcome was extended to
the visiting delegates by the lodges of
the district of Edmonton in the Grace
Methodist church Saturday evening,
where the convention is being held.
Bro. Rev. T. S. Paviour presided, and
words of welcome and good cheer were
spoken by Bro. Rev. Lewis and Bro.
Rev. Aikin, also Bro. Featherbridge
and H. P. Brown. Fitting replies were
made by Bro. McTea, of Calgary, and
other visiting delegates.

The members present at this con-
vention attended divine service Sunday
morning in the Grace Methodist church,
where the exercises were conducted by
Rev. Paviour and the pastor, Rev. Lewis.
Many of the members enjoyed the
temperance meeting held in the afternoon
at the First Presbyterian church, where
Dr. R. M. Fulton gave an inspiring talk
on this important topic.

INTERESTING ADDRESS
UNDER AUSPICES OF
NEW THOUGHT TEMPLE

"My philosophy of life or what life
means to me," was the subject of an
address delivered by R. W. Warren
and Edwin Poole, at the New Thought
meeting, held yesterday afternoon in
the Blue Moon Tea Rooms. This was
followed by a free discussion on the
subject. A number of musical selec-
tions were rendered including a solo
by Mrs. Smith. These meetings are
proving very popular, which is shown
by the increasing congregations.

MILD WEATHER MAY INCONVENIENCE THOSE TREKING FOR NORTH

It is feared by many who know con-
ditions that the exceptionally mild
spell of weather which started yester-
day and continues to even a greater
degree today will cause serious in-
convenience to settlers and others in
the north.

The first part of this winter was
mild all through the fall and most of
January. Enough snow finally did
come to enable the settlers, who have
increased in a remarkable rate re-
cently, to come to the city with what-
ever they wanted to bring down and
take back their year's supplies.

Now comes this thaw, and some be-
lieve they will not see much more cold
weather this year and not much more
snow. With the tremendous rush ex-
pected to the north and the enormous
amounts of supplies needed, grave
anxiety is being felt. Hundreds of
men are on the way north at the pre-
sent moment and hundreds more ex-
pected to start within the next month.
At the latest the break-up was ex-
pected by March 10, and it can easily
be seen that if the present mild spell
continues for long there will be a very
short interval remaining.

The Capital gets more exclusive arti-
cles than any other Edmonton paper.

ENDS DYSPERSIA
INDIGESTION, GAS

"Pape's Diapepsin" cures sick,
sour stomachs in five min-
utes—Time It!

"Really does" put bad stomachs in
order—"really does" overcome indiges-
tion, dyspepsia, gas, heartburn and
sourness in five minutes—that just
that—makes Pape's Diapepsin the best-
selling stomach regulator in the
world. If what you eat ferments into
stomach lumps, you belch gas and
eructate, sour, undigested food and
acid; head is dizzy and aches; breath
foul; tongue coated; your insides filled
with bile and indigestible waste, re-
member the moment "Pape's Diapep-
sin" comes in contact with the stomach
all such distress vanishes. It's truly
astounding—almost marvelous

AN INVITATION TO INSULT THE INTELLIGENCE OF THE ELECTORS

Emanating from sources similar to those which inspired the original petition and agitation in behalf of Ex-Chief Carpenter, a new petition is being circulated for presentation to the city council.

This time the petition does not mention Ex-Chief Carpenter—he has been abandoned—nor does it mention any charges against the present chief of police, the city council or any members of the city council or the commission board. It asks, boldly, or rather, demands, that the chief justice of the province of Alberta be requested to hold a judicial investigation "touching all matters pertaining to the police force of the city of Edmonton."

While there may be some legislative bodies on this terrestrial sphere which would consent to voluntarily relinquish into the hands of the courts the matters and duties and functions which they had been elected to perform the present whereabouts of such is not a matter of record and it is altogether improbable that any council which ever expected to maintain its dignity as such and to continue to represent the electors of the city of Edmonton who sent them there would consent to make such a humiliating spectacle of themselves as to grant such a "demand."

The city council was entrusted by the electors of the city with the duty—among other duties—of looking after the interests of the citizens "touching all matters pertaining to the police." For that purpose, as provided by the charter, they have named a commissioner in whom they have confidence—otherwise they would not have named him—and he is at present looking into police affairs in the interests of the citizens of Edmonton. When he gets done he will act in accordance with his discretion, in the light of what he discovers, and just so long as the council continues to have confidence in his ability and capacity it must consistently rely upon him to protect the interests of the citizens "touching all matters pertaining to the police."

What the petition demands is that the aldermen declare a want of confidence in themselves and in the commissioner whom they have appointed and turn over the functions and duties which they have been elected to perform to a judge of the supreme court who, no matter what his ability, has not been elected by the citizens of Edmonton.

A council which would consent to such a capitulation as this would cut a sorry figure indeed when it came to answer to those who had honored the members thereof with the votes which placed them in office. They would be saying, in effect, that they had received election upon false pretenses; that they themselves lacked confidence in their own ability and had to call in a supreme court judge to take off their hands duties which their own appointees were incompetent to perform in accordance with the charter.

The politicians behind the "demand" are quite evidently disinterested as to what method achieves their purpose, but their evident intent is to present something which bears such an inference of solicitude for the fair name of the city as will fool the aldermen into the position of proclaiming to the public that the city is not safe in their hands.

The "demand" is such a palpable attempt to force the majority of the aldermen into an act of self-abasement and abnegation that the council which would grant it would insult the intelligence of those who voted for them and would become the laughing stock of the country.

A MUCH BELATED PROTESTATION.

A large attempt is being made by the conservative press of the west to spread the idea that because some conservative members voted in the railway committee against extending the time for the construction of certain branch lines and some liberals voted to permit the same, that the liberals are in league with the railway to hinder the development of the country, or words to that effect. To make it look good, the conservatives lay stress upon the fact that the railway in question is the C. P. R., and that the leading figure among the conservatives is the erstwhile solicitor of that company, R. B. Bennett.

Whatever the reasons for this particular vote, the conservatives will have considerable difficulty in convincing by this individual exhibit the whole country that the great historic party which gave 25,000,000 acres of the best land in the world and one hundred million dollars, or thereabout, to lay nothing of a monopoly, to the C. P. R. is at all likely at this stage to rescue the Dominion of Canada from the railway thralldom in which they have bound it.

CIVIL SERVICE REFORM A TRIFLE EXPENSIVE.

Civil Service "reform" as interpreted by the Borden government is decidedly profitable for the legal friends and supporters of that government. According to the auditor-general's report, the total cost of the investigations held last session under the inquiry act, mostly in connection with legal "investigations" leading to dismissals on charges of partisanship, was \$35,149. One lawyer, Mr. H. P. Duchemin, who conducted the head hunting expedition in the Maritime Provinces, drew no less than \$5,272 during the year for his services. Mr. J. G. H. Bergeron, ex-M.P. for Beauharnois, one of Mr. Borden's Quebec leaders, got \$4,057 during the twelve months for his services in conducting investigations in Quebec.

"It is fun for the boys, but death to the frogs."

JUST PARAGRAPHS

September, according to the Aero Club of America, is the best month for flying across the Atlantic. It certainly has the advantage over July and August that it is not quite so close at hand.

TODAY'S BIRTHDAY PARTY

Colonel W. D. Gordon, one of Canada's foremost military men, is sixty-two years of age today. He was born in Peterborough and began his military career at the age of sixteen, acting as bugler for the local volunteer regiment. He liked soldiering as well as that he joined the permanent force in command of the Quebec district. His most notable service was given in the South African war, where he distinguished himself. He holds many first-class certificates and has the science of military tactics down to a fine point. He is now living retired in Kingston.

Birthday of Two Famous American Journalists.

Two of America's most distinguished journalists, Col. Henry Watterson and Col. George Harvey, will be the recipients of birthday congratulations today. Mr. Henry Watterson, as everybody knows, is editor of the Louisville Courier-Journal, and George Harvey is editor of the Chicago News. Both are editorial writers of the Chicago News, as well as being the president of the great publishing house of Harper.

Marse Henry Watterson is a unique figure in the journalistic world. He is the last representative of the old personal school of journalism, and his personal characteristics are read with delight, amusement, admiration and respect all over the world. He was born in Washington twenty-four years ago today, and had been a reporter and editorial writer on a Washington paper, and when the conflict of the battlefields over he returned to the Journalist fold as editor of the Republican Banner of Nashville. His editorial connection with the Louisville Courier-Journal began in 1868 and has continued without a break for thirty years.

Personally Col. Watterson is the type of the southern code of the old school. Hot temper, but very irascible, he is yet courteous, genial, companionable, and a lover of his fellow men. He is a great talker, and his epigrams will live forever.

Col. Harvey is a native of Vermont, and will pass his half-century mark today. He began his journalistic career as a reporter on the Springfield, Mass., Republican, thirty-two years ago, and subsequently worked on the Chicago News and the New York World, becoming managing editor of the latter paper. He is now editor of Harper's Weekly, as well as the North American Review, but the former publication was sold not long ago and is now edited by Norman Hapgood, ex-editor of the Collier's Weekly. The able journalist gained the distinction of "colonel" as a member of the staff of a South Carolina governor. He is tall and thin, and his ascetic appearance is exaggerated by a pair of enormous spectacles with rims of tortoise shell.

Str. Gerald Augustus Lowther, the British diplomat who was made baronet on the first of the year, was born fifty-six years ago today. He has been in the diplomatic service since 1879, his last post having been that of ambassador to Turkey, from which he resigned last year. He was secretary of embassy at Washington some years ago, and married Miss Alice Blight, of Philadelphia, the granddaughter of John Jay, the distinguished scion.

Rudolph Hakenberg, Philadelphia's famous mayor, was born in Germany seventy-one years ago today, and landed in the Quaker city when he was twenty-two. He has been educated for the ministry, his father having been the pastor of a Reformed church in Germany. He came to America he decided in favor of a commercial career. His first job was a clerk for a dress goods house. He then went to the city of Philadelphia, where he began in business for himself in 1871, and made a fortune, although the accumulation of money was only a side issue to his long fight for political reform, which finally landed him in this mayor's chair.

FIRST THINGS

Murray's Grammar. "The first noteworthy 'Grammar of the English language' written by an American was that of Lindley Murray, who died 88 years ago today. Murray's 'Grammar' was used as a text book in nearly all of the schools of the United States. Canada and England, and many aged people can remember when the work of the American grammarian was considered the standard authority on the king's English. Murray was born in Lancaster county, Pa., in 1745, and was educated in a Quaker school, afterward studying law. He quit the law

BOWELS OUT OF ORDER? WE GUARANTEE RELIEF

You know us—now, when we guarantee Rexall Ordinaries to satisfy you or your money back, you know it is because we have faith in them. We want you to come to us and get a package of them. Use a few of the entire box. Then, if not entirely satisfied, come back and we will give you your money. You promise nothing, sign nothing. We accept your mere word.

We believe Rexall Ordinaries are the best bowel remedy made. They taste like candy. Coughing and easy in action, they do not cause griping, nausea, purging or excessive looseness, as harsh physics do. Rexall Ordinaries tone and strengthen the nerves and muscles of the bowels and promptly relieve constipation, helping to overcome its cause, and at the same time removing the chief cause of sick headaches, biliousness, bad breath, nervousness and other ills caused by inactive bowels. In test packet tin boxes: 10c, 25c, 50c.

You can buy Rexall Ordinaries only at The Rexall Stores, and in this town only at: A. Archibald, Druggist, 212 Jasper west.

Anaemic Mothers

Here is Relief!

You Can Enrich Your Worn-out Blood and Quickly Renew Your Health With Dr. Hamilton's Pills.

Sufferer of Twenty Years States Dr. Hamilton's Pills are a Real Cure.

"I can't remember any time during the past twenty years when my heart wasn't aching. If I went over, dark spots would come before my eyes, and it seemed as if all the blood in my body wanted to rush to my head." Thus wrote the letter of Mrs. Knott R. Sperry, of Putnam, N.Y., and continuing her interesting statement she says: "Work or exertion made me feel terrible and going to bed caused such shortness of breath that it fairly frightened me. I tell you how I feel to-day, and you can understand what a great cure Dr. Hamilton's Pills have made. I feel strong enough now to work like a man, as for going up stairs on the run, it doesn't bother me at all. I eat and sleep as any well person ought, and as for dizziness which used to frighten me so much, it has entirely disappeared. Dr. Hamilton's Pills are a wonderful medicine. They helped me, and I know every woman that uses them will have comfort and good health. Refuse anything offered you instead of Dr. Hamilton's Pills of Mandrake and Butternut, 25c. per box at druggists and stockholders, or the Caltarhousen Co., Buffalo, N. Y., and Kingston, Canada.

for the counting house, and went for England in 1784 and began his literary labors. His "Grammar" was published in 1785 and was followed by "English Exercises," the "Key" to "English Reader" and a "spelling book." A correct edition of the "Grammar" was published in 1816, and two years later an abridgement of the work was published and went through 150 editions. Murray was also the author of "The Power of Religion on the Mind" and other books, once highly popular.

Pasadena, Cal., is scientifically investigating the quality of its water supply.

They Can't Stop Drinking

"I can stop any time I wish" is a frequent expression, but why don't the drinker make good his boast? Why don't he quit? When a man brags he can stop drinking whenever he wants to he is usually preaching the good where he cannot practice. It is a bad habit of the tongue. The real treatment—which is a harmless variable remedy for liquid into a positive solvent for the system—should be taken without the use of bromide injections. If you have a friend who brags, tell him of this. If you have a friend who brags, tell him of this. If you have a friend who brags, tell him of this.

TODAY WE CELEBRATE

World-Wide Celebration Today—of 80th Birthday of Haeckel.

Monistic philosophers, freethinkers, biologists, evolutionists, and scientists and students generally throughout the world, will celebrate today the 80th birthday of Ernst Heinrich Haeckel, the great German savant. The philosopher of Jena is the last survivor, since the recent death of Wallace, of that immortal group of investigators who were co-workers of Charles Darwin in developing the theory of evolution and natural selection.

In his later years Haeckel has been the prime mover in the formulation of the philosophy called monism, which now has its disciples all over the globe. The dean of the world's scientists insists that there is but one form of reality, and that the human soul, so called, is but a function of the brain and dies with the body. All intellectual endeavor, he declares, is fundamentally muscular activity. The importance of the monist myth, the Haeckel philosopher insists, is that Haeckel has attempted to establish a philosophy of life, materialistic and rationalistic, to take the place of what he describes as "irrational and superstitious religion." Monism envisions a complete system of ethics, in which a belief in the existence of God or of the immortal soul, which monism plays no part.

Some months ago, when the world-wide celebration of Haeckel's 80th birthday was first proposed, Prof. Haeckel issued a letter to his "friends, pupils and disciples," in which he said:

"I have been informed that it is intended to celebrate my 80th birthday by presenting me gifts about the form and nature of which different proposals have been made. 'Having repeatedly been honored on former occasions by such efforts, I beg you to abstain this time from all personal donations and to convey the amount of the gift to the fund which I have established for the disposal of the German Monist Union. The wonderful development which this modern union of culture has attained since its foundation seven years ago, the high importance which it has acquired for the promotion of a free and rational conception of life, as well as for its practical application to a conduct of life of superior moral standard, its financial support most desirable. The intended new Haeckel fund for monism will necessarily further this work of culture of free thought on the positive basis of natural science, and further the necessary means to carry on practically its numerous important tasks. From the International Monist Congress, which took place in 1911 at Hamburg, and was such a splendid success, partly because foreign countries so generously took part in it, it became our principal aim to extend the German Monist Union, and to make it an international organization. This International Monist Union, representing an immense promoter of culture by uniting the freethinkers of all countries, will be the better able to prove its importance practically if my friends abroad will contribute liberally."

This appeal brought responses from all over the civilized world. In Japan, where the old religions are crumbling and Christianity has made small progress, the materialistic monism of Haeckel has made a special appeal. The intended new Haeckel fund has expressed the fear that the religion—or rather the irreligion—of Haeckel may become the dominant belief of the new Nippon. Born at Potsdam on February 18, 1834, Haeckel has devoted more than three-score years of his life to that scientific work which has led to his denial of God, immortality and the freedom of the will.

Binghamton, N. Y., will mark sever connections at the curb to check needless ripping up of streets.

Seattle is discussing levelling street railway propositions for hand street railway traffic and may try both.

The Most Delicious OF ALL TEAS IS "CANADA"

CEYLON TEA—BECAUSE OF ITS UNVARYING GOOD QUALITY.

Sentenced to Jail

Toronto, Feb. 16.—Sentenced to Central prison and incarcerated therein while suffering from typhoid, Victor Pointon of Niagara Falls, Ont., died in the institution on Friday and at an inquest held by Coroner Lian Sunday night, the jury condemned the action of the crown authorities in not having placed the man in an hospital.

Bequeathed One Eye

Berlin, Feb. 16.—Professor Doerfler, of Vienna, has bequeathed one of his eyes, his heart and brain to the Faculty of Jena as a contribution to the foundation which will be established tomorrow, on the occasion of the eightieth birthday of Prof. Ernst Haeckel's theories, writes that he is so poor that he cannot give anything except his corpse to the museum founded by Haeckel. "And not even all of that," adds Prof. Doerfler, "as my native town has secured my promise to let it preserve my ashes in a memorial urn, but there is nothing preventing the transfer of one eye, my heart and brain to the museum which urgently requires anatomical exhibits for the purpose of establishing the truth of your great principles."

Backache Banished.

Thousands of men and women are suffering from weak, lame and aching backs, and many of them unable to do any work for the pain.

The stitches, twinges and twinges are bad enough and give enough misery, but, back of the backache, and the cause of it all are the disordered kidneys crying out in warning through the back.

Backache is kidney ache, and there's serious trouble ahead for you if you neglect it.

Doan's Kidney Pills cure every form of backache by curing the sick kidneys that cause it.

Mrs. Jack Mason, Springfield, N.B., writes:—"I have been suffering from backache for a very long time. I tried everything and did everything, but still I would suffer. One day I was looking over your Almanac and saw your advertisement for Doan's Kidney Pills, so I got 3 boxes, and I am glad to say that they brought me back to life again, and from now on I will never be without them."

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

Makes Record Flight San Diego, Calif., Feb. 16.—Stranaher, two American records in a spectacular flight covering approximately 26 miles in 27 minutes. Lieut. E. D. Dadd and Sergt. Herbert, Marcus, of the First Aero Corps, today performed what Captain Arthur R. Cowan, commanding the army aviation camp, last night termed the most finished flight ever made in the United States either by an army or a civilian aviator.

Haytien Revolutionaries Badly Defeated by Northern Troops

Cape Haytien, Hayti, February 16.—Two victories were won yesterday by the army of the north by President Oreste Scahier to suppress the revolution under the leadership of Senator David Martheodore.

The first success was gained at Plateau, a town on the road to Cap-Haitien. Cape Haytien, where a strong detachment of rebel troops was routed.

The second encounter took place at Port Desouches where it had been in the hands of rebels since the outbreak of the revolution but which was re-occupied by the government troops today.

General Scahier Minister of the Interior and a brother of the new president is in command.

The Government troops today continued the advance on Cape Haytien.

MOST WONDERFUL GAME PLAYED AT MONTREAL ARENA

Canadiens Beat Ottawa 2 to 1 in Seven Minutes Overtime.

DEUBEAU SHOT ONLY GOAL—ATTENDANCE WAS 6,800

"Get the Man, Never Mind the Puck," Was Order of Play.

Montreal, Feb. 16.—With players dropping in their tracks, some from exhaustion and others from rough play, the Canadiens and Ottawas struggled for nearly seven minutes overtime in their scheduled N.H.A. fixture at the Arena Saturday night, before the flying Frenchmen came to the decision by a single shot. To Deubeau, staggering from exhaustion, won the honor of scoring the only goal of one of the most gruelling contests ever witnessed in the history of hockey in Montreal.

The play was marked by more rough tactics than any witnessed in Montreal in years. The penalty shot scored 4:59, one of the largest amounts ever collected by the N.H.A., more than half being against the Ottawa players.

Being coached to "get the man, never mind the puck," Ottawa players showed many opportunities in the first effort to carry out their instructions. Leveaux' spectacular work in the nets saved his club after a goal by Gerard drew three majors for persistently going after Lalonde, who will likely be out of the game for the remainder of the season, suffering from a badly dislocated shoulder. Broadbent deliberately cut Pavan on the head and each was given a match penalty.

Gerard had his right knee badly hurt from a bad check. Lalonde was injured by coming in contact with the fence.

The attendance was 6,800.

COLLINS CONCERT BAND ATTRACTED VERY LARGE CROWDS

The seating accommodation of the Empress theater was taxed to its capacity at both concerts yesterday, and the various places rendered by Collins' concert band were greatly appreciated by all. The orchestra, training with the British army stands well in his seat, and his ability was yesterday clearly indicated by his baton wielding, his precision and execution. The second attendance and patronage accorded this musical combination is thoroughly deserved.

Hayden Morris will sing next Sunday in company with a grand symphony orchestra.

Librarian to Lecture.

John Blue, provincial librarian, will be the young man to lecture at the First Presbyterian church on "Alberta's Past, Present and Future," at 8 o'clock this evening, and a large and interesting lecture, given by such a talented speaker as Mr. Blue, will prove also of considerable educational value to all who attend. It will take place in the lecture room of the church, and everyone is invited.

Bad Blood IS THE DIRECT CAUSE OF Pimples.

Pimples break out on the face and body, and it is impossible to get rid of them, unless you cleanse the blood of all its impurities.

Burdock Blood Bitters is without a doubt, the very best medicine for this purpose.

This old, and reliable medicine has been in use for nearly forty years, and has a reputation unequalled by any other preparation for removing all the impurities from the blood and banishing the pimples.

Mr. Edward Panquette, Navan Centre, Ont., writes: "One morning my face was covered with pimples and a rash. I had tried a number of these so called blood purifiers with no avail. Seeing an Almanac of yours in which you strongly recommended Burdock Blood Bitters, I decided to try a bottle. After I had taken it I could see a decided change, and after using three bottles more all the pimples had completely disappeared."

TOO WARM TO SKATE CROWD INDULGES IN SNOWBALL FIGHT

Although the weather was exceptionally mild and consequently the ice very soft, still almost as large a crowd as usual thronged over to the skating emporium at McKernan's lake, south of the city, yesterday afternoon. Several hundred braved the soft spots, holes and cracks, but most of them merely looked on. Gradually the day developed from a skating into a snowball match. Snowballs flew thick and fast in every direction until those who still persisted in skating simply acted as targets for the snowballers. As the day wore on the ice showed fewer and fewer signs of becoming hard; in fact, it was not cold enough to even begin to freeze the knees of the two bachelors who dispensed with the mitts.

TWO BASKETBALL GAMES SATURDAY

McDougalls and Theologues Win Over Law Students and Old Timers.

Two interesting games of basketball were played in the Y. M. C. A. senior league Saturday afternoon and evening. The afternoon game was played at the Alberta College, and the team representing that institution handed out a defeat to the Old Timers, a team commonly referred to as the "Old Timers." The result of this game came as a big surprise to all those interested in basketball. In as much as, did the Theologues not only beat the Old Timers with their ten-point handicap, but beat them 20 to 18 on actual points scored, and with the additional ten points allowed them, the score would be 30 to 18. This put the Theologues into second place in the league behind the McDougalls who won the second game in the evening against the Law Students. The lineup in the afternoon games was as follows: Theologues, Irvin, Teffer, Strongman, Teffer and Elliott. Old Timers: Clark, Hammond, Elliott, Valentine and Stevens. Menzies was referee.

In the evening game at the Y.M.C.A., the McDougalls came back to form, and made monkeys of the Law Students. The final score being 29-11, and scarcely time to what degree the winners had it over the losers. Those who witnessed the game, are unanimous in the opinion that the Law Students should disband as a basketball team and stick closely to their studies of law.

The McDougalls had to over their opponents at all stages and dropped baskets in almost at will, and in times ranging from 5 seconds to four minutes. Following are the number of baskets scored by each player: Theologues, English, 5 and 1 foul; Jackson, 3; Menzies, 2 and 3 fouls; Van Allen, 2.

The baskets were scored in the following order and time:

First Half—Tomkins, 1:20; English, 1:55; Tomkins, 4:45; Tomkins, 5:10; English, 5:40; Jackson, 5:45; Menzies, 5:50; Van Allen, 2:10; English, 2:20; Menzies, 2:40.

Second Half—Jackson, 1:00; Menzies, 1:05; Jackson, 1:10; Tomkins, 3:10; Tomkins, 3:20; Tomkins, 3:30; English, 12:30; Van Allen, 11:30; Tomkins, 5:55; English, 5:55; Tomkins, 3:55; English, 5:55.

The teams lined up as follows:

McKnight Menzies
English Van Allen
Gibson Jackson
Boes Caselman
Tomkins Wilson
Referee, Pattison.

C.P.R. HAS TAKEN OVER OLD CANARD BUILDING FOR WINTER MONTHS.

There is considerable historic significance in the circumstance that the C. P. R. has just taken for the winter months the old Canard building erected by the founder of the Canard line—Samuel Canard, who was a Halifax man and who made his name famous in the shipping and mercantile world. It was to Halifax that he brought his first ship; it was in the old office he built over his last. There is a new day and new methods; and a degree of expansion of which he could not have dreamed. The shipping business has increased a hundredfold during the last half century. The stress and strain are increased by the speed demanded on land and sea—speed which the old founder could not have dreamed of. The old office is a three-story building of stone with small windows. It is a quiet and sedate work which minded its business and did not bother looking out.

The name is cut on the old building "S. Canard"—offering a memento of the past full of interest, as suggested at once the small beginnings of a great business to which he devoted his energy and genius and the amazed

ing development of that business, keeping pace with modern demand, by the C.P.R.

Do Not Report Mumps.

Medical Officer of Health, T. H. Whitelaw scolds the public in his monthly report for January. Just issued. There were 137 cases of mumps discovered in the city during month, and many unreported. One would be led to judge, it is all the fault of the householder failing to report the case in order to evade quarantine. Mumps do not require the services of a physician in families where the mother knows what to do, and the health department is unable to get a line upon the sick children through medicals. Little brothers and sisters go to school until they become ill with the mumps and the malady spreads. There were 262 cases of communicable disease reported during the month, of which eleven were from out of the city.

Look Who is Coming "THE MUTUAL GIRL."

South Side Orangen. Hall on Tuesday evening there will be a meeting of the Edmonton County Royal Bachelors Chapter. New candidates will be elected and other important business transacted at this meeting.

Distinctive Designs in New Novelty Scrim Curtains

We have just received, direct from the looms in Boston, an unusually handsome assortment of novelty scrim curtains. They are original designs of exceptional merit—appealing to refined tastes by their simplicity and to keen buyers by their splendid values.

They are mercerized scrims, voile and marquisette weaves in white, ivory and ecru. Some have charming lace edges and others hem-stitched borders. Nearly all have a panel design along top and bottom formed by bands of beautiful insertion made in imitation of hand made Filet, Cluny and Irish lace. These curtains are particularly well suited for diningroom, livingroom and bedroom windows. We assure you that they are worth coming down to see. The pair—

THE GAY WORLD.

Mrs. P. A. Edington will hold her first post natal reception on Wednesday from four to six at Suite 29, B'nai B'rith apartments and will afterwards be "at home" on the first Wednesday of each month.

The Women's Council of the United Aid will hold their regular meeting at 3 p.m. Tuesday, February 17th, in the council room of the civic building. Any women who are interested in relief or general welfare work are cordially invited to join the council.

The ladies of the Erling House Presbyterian church will hold two teas this week. One on Tuesday, the 17th at the home of Mrs. Arthur Constable, 429 Henry street, from three to six o'clock, and another on Thursday at the same hour at the home of Mrs. W. J. Hilar, 321 Sinclair street. All ladies and especially strangers will be warmly welcomed.

Mr. and Mrs. James Frode entertained at a little informal 500 on Saturday evening.

Mr. and Mrs. H. Heiler and daughter Helene entertained at about the prettiest valentine party imaginable on Saturday in honor of the birthday of Mrs. Margaret, nicknamed the Queen of Hearts, a valentine in the Heiler home one year ago on St. Valentine's. Fourteen little guests comprised the party, which Mr. Heiler put in his car and took first to the matinee and afterwards for a little car ride, then home to the Le Marchand Mainland where a delicious supper was served in the dining room beautifully decorated with hearts, cupid and valentine, and the table was centered with one candle and bright with posies in valentine colors. Each little guest was given a dainty boudoir robe or trimmed with hearts, arrows and cupid and the place favors were valentine with hearts and boxes of candy in heart shapes. Each little miss also drew from a valentine pie in the center of the table a pretty valentine toy. After supper, Mr. Heiler romped with the little folks until it was time to go home when they

were all wrapped up and taken in the car each to their home, after the merriest afternoon and evening imaginable.

The young guests included Little Margaret, Gillespie, Betty Leomin, Madeline, Hae, Bertha Richards, Mary Stur, Dorrie Wood, Ellen McCarthy, Nora Cox, Kathleen Frode, Stuart Reid and Esther Stevens.

Mrs. H. Hall assisted in entertaining the little ones.

St. Paul's Operatic society of which Mr. Cyril G. Wates is musical director will present a musical extravaganza entitled "The Idea" on Thursday evening in St. Paul's church, corner of Short street and Klinton avenue. The tickets bear the modest request that "Silent Suffragettes are to leave bombs and other weapons outside." It is certain that the excellence of the program will assure the lack of need of such weapons on this occasion.

Mrs. J. W. Ward 246 Victoria avenue will not be "at home" on Tuesday of this week, but will receive on the third Tuesday in March.

Little Ruth Short was hostess at a merry valentine supper on Saturday when fourteen of her little girl friends were present. She was assisted by her mamma and Miss Weatherell in her inevitable way to play their games, and amuse and entertain the little tots. The pretty table was beautifully decorated with hearts, and cupid, and each guest's place favor was in the shape of a heart.

Mrs. J. E. Walbridge, children and nannies, were to give an early night for the week's work.

Mr. and Mrs. W. Short and children both are leaving next week for Victoria and Seattle for a six weeks stay.

Mr. and Mrs. W. Short and children are leaving soon for the west coast, and Portland where Mrs. Short and children will remain some time.

Mrs. F. B. Machon has issued invitations for a tea on Wednesday afternoon.

Mr. and Mrs. Guy Marriott were dinner hosts on Friday evening when covers were laid for eight.

Squadron "L" of the 19th Alberta Dragoons are having their next, Cindarella dance on Friday evening of this week.

Mrs. C. Beale, 1400 Victoria avenue, will not receive on Wednesday of this week, but will be "at home" on the third Wednesday in March.

The First Baptist church are holding their 21st or "coming of age" celebration on Wednesday evening in the church parlors. Rev. A. M. McDonald a former pastor will make the main address of the evening. The history of the church will be read and magic lantern slides of the charter members of the church will be shown. A general social evening, and refreshment will be enjoyed after the address. The church has had but four pastors, Rev. McDonald, deceased, Rev. C. B. Freeman, now of Prince Albert, Rev. A. M. McDonald, and Rev. F. Patterson, the present incumbent.

Mrs. Leonard Davidson entertained at very charming valentine bridge tea on Saturday when her handsome rooms were a St. Valentine delight with strings of hearts draped from the four corners to the centers of the rooms and other appropriate reminders of the day. Mrs. J. Cauchon and Mrs. Arnold Soars were awarded the first and second prizes.

The players included, Mrs. Mowat, Mrs. Reginald Cauley, Mrs. Bishop,

Mrs. MacHaffie, Mrs. Arnold Soars, Madame Cauchon, Mrs. Crawford, Mrs. J. Cauchon, Mrs. Fairchild, Mrs. Henwood and sister, Mrs. Benson, of Nelson, B. C., Mrs. Nightingale, Mrs. Archibald, Mrs. J. J. Anderson, Leslie Jennings, Mrs. J. J. Anderson, Madam Thibault, Mrs. D. W. Macdonald, Mrs. A. M. Frith, Mrs. Howard Douglas, Mrs. J. B. Wallace, Mrs. Duncan Smith and Mrs. Dickins.

The tea room was in charge of Mrs. Mowat, Mrs. A. M. Frith and Mrs. Reginald Cauley assisted by Mrs. Leslie Jennings, Mrs. MacHaffie and Miss Gullmette.

Besides the players the tea hour guests included Mrs. Cuthbert, Mrs. Rogers, Mrs. Kenneth Bowman, Mrs. T. C. Douglas, Mrs. Ralph Douglas, Mrs. Wright, Mrs. Norman Soars, Mrs. F. B. Macdonald, Mrs. Jones, Mrs. (Judge) Scott, Mrs. E. Jamison, Mrs. O'Connor, Mrs. B. J. Saunders, Mrs. Joslin Price, Mrs. Peden, Mrs. Creighton, Mrs. Sutor and Mrs. Blain.

The next assembly hall will be held on Friday evening, the 24th instant, in the Empire auditorium.

Mrs. J. H. Kaddell left Saturday morning for a ten days' visit with Mrs. Deaver of Winnipeg.

The students of Alberta College, south side, entertained at a little informal valentine party on Saturday evening.

Little Louise Harley was hostess on Saturday afternoon at a little valentine party when games and musical numbers by the little guests were indulged in. Valentine prizes were awarded in the contests after which the youngsters sat at a pretty table with a valentine lunch cloth, and decorated with hearts and golden daffodils, flowers, which were given by Mrs. J. A. Harley assisted her little daughter in welcoming and entertaining her young friends. The little girls included Helen Armstrong, Mary Ellen McElride, Grace MacDonald, Margaret, Mrs. Harrison, Ethel Mackay and Alma Morgan.

After the little people had gone a number of grown ups dropped in for dinner with Mrs. J. A. Harley, when covers were laid for 12.

Mrs. H. A. Wood and Mrs. Bert Morris entertained at a very large morning tea at the St. Hubert on Saturday when five tables comprised the prizes, Miss Ina Day and Miss Irma Blackett were the lucky winners.

The dining room with valentine scheme of decorations presented a very tasteful appearance. Red carnations and tulips were the flowers chosen.

About 75 additional guests dropped in for tea.

Mrs. Dickins presented the prizes at the close of the games.

CUPIDS KNOTS

Married at Reskine Manse, 250 Carey street on Friday, the 15th instant, Mr. Thomas McWhirter and Miss Katherine Dryden, both of Edmonton, Rev. J. Watson, R.A., performed the ceremony.

Miss Belle Dryden and Mr. W. R. Rennie attended the bride and groom.

Mrs. W. H. Whirter will reside at 111 Wilson street, Edmonton.

OPERATIC SOCIETY PRESENTS JAPANESE OPERA "THE GEISHA"

"The Geisha" or "The Tale of a Tea Room" is to be presented by the Edmonton Operatic Society on Thursday, Friday and Saturday. That this is a musical and dramatic event of importance is obvious when the charm of this sparkling Japanese opera and the excellence of the operatic society are seen to be in combination. The work of this body of well-known amateurs has met with conspicuous success; for, has their success been due as much to the topical interest that often redeems amateur performance from mediocrity as to the artistic and elaborate productions that have in the past delighted their many patrons.

This year's opera should prove no exception. There is an orchestra and chorus of 75, and the costumes are by Malabar.

The principals include Miss Jessie Potter and Mr. Vernon Barford, whose previous work with the society has been so popular, together with many new members who, if rehearsed any criterion, will soon be favorites.

The whole performance is under the direction of Mr. Vernon Barford, and the net result should be dainty music, sparkling comedy, and a large and well-trained chorus.

J. L. MATHIEU CO., Prop.

Sherrbrook, P.Q.

It will cost you \$2.00 to buy a bottle of Malabar's Syrup of Tar and Cod Liver Oil but only \$1.00 to get it for free.

Malabar's Syrup of Tar and Cod Liver Oil has won, by its merit, the largest sale in Canada of any medicine for coughs—35¢ large bottle, sold everywhere.

Those who have trouble in shaking off a cough should note that Malabar's Syrup of Tar and Cod Liver Oil not only soothes the irritation of the bronchial tubes, and promptly stops the cough, but being a splendid tonic, a healthy eater it soon enables the system to permanently throw off the cold and restores the mucous membranes to their normal healthy condition.

Malabar's Syrup of Tar and Cod Liver Oil has won, by its merit, the largest sale in Canada of any medicine for coughs—35¢ large bottle, sold everywhere.

Theatres and Picture Shows

YOUNG WOMAN CHUMMY WITH A DOZEN LIONS ON PANTAGES STAGE

Getting chummy with a lion as a form of amusement has become popular to the average person, however, Adgie, who is one of the features on Pantages, new bill this week, has a troupe of 12, with whom it might be said, she is on better than speaking terms.

The theory of the young woman dancing with consummate grace and skill among her charges, toying with and teasing the snarling brutes until they seem almost ready to tear her to pieces. The act is indeed a sensational one, and the position according to it upon the bill.

Milton and Dolly Nobles need little introduction to theater patrons. Their clean, clever comedies of a semi-comic nature have season after season brought smiles and tears to theatergoers' faces.

Their latest production, "The Auto Suggestion Club," from the facile pen of the male comedienne, has no exception to the standard which they themselves have set.

The theory of the auto suggestion is one that has aroused much interest among students of psychology since its inception some few years ago, and the little playlet, throws many interesting lights and shadows on the new founded cult.

Howard Brothers, in a characteristic banjo number, will prove that they are easily the wizards of that instrument.

Their music has been a constant feature of their musical criticism many years ago. That they are adepts in the art of producing a melodious sound, is proved by their harmonizing the more difficult compositions of grand opera composers there is no doubt. And their appearance upon the program is a decided acquisition to the bill.

Phil Laskota, verbose and dexterous, will juggle objects and words with equal facility, while Richards and Montrose, with catchy songs and pleasing dances, further add to Arthur Rieby in an advanced monologue, make up the program for the week.

PRETTY IDA ST. LEON COMING TO EDMONTON WITH "LITTLE WOMEN"

Pretty little Ida St. Leon, who was last seen in Edmonton in the role of Polly in Frederic Thompson's big production of "Polly of the Circus," is a member of the cast of William A. Brady's "Little Women," which will be the attraction of the Empire theatre on Thursday, Friday and Saturday, February 26, 27 and 28 (with two matinees).

Miss St. Leon, who played the role of Amy, one of the four March sisters around whom the action of the play revolves. Amy was the sister who wanted to become a great artist, but who finally realized that she never would attain her ambition. Her falling in love with Laurie, and subsequent book, doubtless had something to do with her decision to give up singing for a "career."

Miss St. Leon, it is said, makes a charming Amy, for the part fits her as well as though it had been written especially for her. Miss St. Leon played Polly three seasons, then played the role of Fanny in "Finishing Fanny," and when she joined the William A. Brady forces to play Amy. She is one of America's most promising younger actresses. She is aged 20, having been born in Saigon, China, in 1892, while her parents were touring the far east with a "big troupe" acrobatic.

THE REAL THING" AT THE EMPIRE THEATRE IS THE REAL THING

With all the vim, dash and gaiety one expects in a French comedy the plot "naughts" enough to hold more than passing attention, and the acting of an exceptionally high standard. It was no wonder that the crowded house at the Empire on Saturday night went wild with delight, and after the performance of "The Real Thing" demanded again and again the appearance of the principals to tender to them the flattering reception they so richly deserved.

A critique of the performance must be a eulogy. Each role is taken with assurance, attention to detail and in that effortless manner which at once stamps the true artist. Even more so than on the previous night the actors had to depend on themselves to create interest and laughs. There are only a couple of situations which to any great extent cause spontaneous merriment, and one of these is at the finale when Charles Heriot and Paulette Vannaire meet in the moon and catch Joe Vannaire kissing Lulu.

While it cannot be called original, there is different from most of its ilk. It tells of a married couple, the wife a pure and pretty young woman, and the husband a cheerful idiot who, by his penchant for acting into trouble coupled with his general idleness, makes the life of the little woman unbearable. Rich Scott and a divorce, but for some time both try in vain to get grounds. The husband, however, one day, during a conversation over the telephone between his wife and her lover. An arrangement is made that the couple shall meet at her house on that day. Leo gets the commissionaire of police to be on the job, and he discovers that the husband, the lover, and naturally that gentleman refuses to take any steps that would separate the wife. The wife finishes when the commissionaire and Paulette find Leo kissing Lulu, thus saving the necessary grounds for divorce, and the audience is left to complete the tale to its own liking.

Miss Lulu, who Miss Eve We Hall are given all the opportunities in the piece, and they certainly take advantage of every one of them. The lady is probably the better of the two, but this does not mean the mere male was not also exceptionally good, rather than Miss Hall was brilliant. Douglas Greet was also responsible for a great many of the laughs. He is an excellent comedian, and the part he took suited him down to the ground.

For three nights the members of the cast had not much to do, they are in a great measure responsible for the success of the piece, for they assume the more difficult roles remarkably well.

Tonight at the Empire Orpheum vaudeville, his feature of the bill is "To Save One Girl" a playlet with a wonderfully good reputation.

TRAGEDY AT SEA IS SHOWN BY FILM AT EMPRESS THEATRE

"The Perils of the Sea," the brilliant feature film offered that is the program at the Empress theatre, is another of the Exclusive Service pictures which have created so many favorable talk amongst the theatergoers of the city since their introduction at the beautiful Empress theatre.

This film is based on the recent Volturno ship disaster, and not only shows a number of the most thrilling and stirring scenes that occurred during the destruction and sinking of this vessel, but has interspersed these events a pretty and appealing story. Those who availed themselves of the opportunity to see "When the Earth Trembled," a picture also of the Exclusive Service films, that was shown at the Empress a number of weeks ago, will doubtless never forget the wonderful scenes that were shown in this famous picture. "The Perils of the Sea" is said to have a number of scenes that even rival the marvelousness of those shown in the other pictures.

These world-wide calamities shown in moving pictures have alone sufficient attraction, but when they are portrayed the terrors of these great world-feeeling events with a realism that is short of nothing wonderful, a story of compelling and pleasant interest, the picture is all the more valuable and desirable.

The Empress are putting on another good picture, namely, "From Out of the Diary," which is a very successful comedy filled with many novel and hilarious situations. It has also been expressly produced for the Exclusive Service series.

Today and tomorrow are the only days these pictures will be exhibited in the city.

McMahon beat Laid. Clark beat Ramsay.

STRATHCONA H.S. AND CALGARY C.T. PLAY TO TIE 4-4

Inter-collegiate Championship for 1914 Still Undecided—Flukey Goal by Calgary Staved off Defeat.

Before a crowd which almost filled the Sherman Grand rink in Calgary, Saturday afternoon, the Strathcona high school hockey team, played a tie game with the Calgary collegiate institute, to decide who would hold the provincial inter-collegiate championship in hockey for the year 1914.

Calgary Got First Two
The game which started at 2:45 in the afternoon, was very exciting, from both the players' and spectators' point of view. During the first few minutes of the game, the S. H. S. forced the play into their opponents' goal, but the playing of Richards at rover and Clarke in goal prevented several would-be goals from counting. After five minutes of play, Richards and Macdonald of Calgary broke through the S. H. S. defence and scored the first goal. Both teams settled down to hard play, including several physical run-ins, which were to be expected, owing to the soft ice combination play being almost entirely of the S. H. S. goal, the Calgarians scored their second goal from a beautiful shot by Macdonald.

Scena Scored Three
Things were looking rather bad for the Strathcona boys, but two minutes after the face-off, a rush by Davies and a neat pass to Smith, notched the first goal for Strathcona. Both teams checked back hard on their opponents, and the heavy ice began to show its effect on both teams, especially the Calgary team, as the Seana boys were forcing the play hard, and about five minutes before half time, Davies scored the second goal for the visitors. Jackson and Turnbull, by a combination play scored again just before half time, making the score 3-2 for the S. H. S.

Calgary's "Flukey" Goal
At the very beginning of the second half, Davies collided hard with Richards and had to retire for a few minutes, but pluckily resumed the game later. With the score 2-2 against them, the Calgary boys were desperate in their attempts to score. Finally, Richards, in an end-to-end rush, scored, making the score 3-2. Both teams frequently broke away, and only a lucky stop on the part of both goalkeepers, prevented what looked like certain goals. Davies secured the puck from behind his own goal, and having cleared both sides and men from all sides, scored, a play which brought great applause from every person present. A very lucky play on the part of the Calgary boys, scored their next goal. Malhot, who on goal, beat Campbell stopped the puck with his stick and in so doing caused it to glance against the railing in the gallery behind the goal, from which bounced back and hitting Campbell on the side of the leg, went into the goal. To the disappointment of both teams, the tie could not be played as the ice was encased for the next hour.

After the game, the C. T. L. boys and girls entertained the Strathcona team at an elaborate banquet held in the

PENNANTS VS. DOMINIONS TONIGHT—PROVINCIAL CHAMPIONSHIP GAME

Semi-final Game at South Side Rink at 8.30—Second Game Wednesday Night at Arena—Will be Grand Contest! Goals to Count.

A hockey game that will go a long way towards deciding the provincial championship will be played tonight at the south side rink between the Pennant Seniors and the Dominions. In fact this is a semi-final game to decide the title, and the second game is to be played at the Arena Wednesday night. This series will be particularly interesting, from the fact that goals count, and it will be up to each team to run up as large a score as possible in order to have a substantial lead in the second game. Again, on Friday night, the Moose Jaw team play the Eskimos here, so it will be seen that the week promises some pretty exciting hockey games.

Pennants Are a Class "A" Team.
Now, coming back to tonight's game between the Pennants and the Dominions. Some may say that the Pennants have not a ghost of a show with the wearers of the green and white, but those who have watched them in their various games throughout the winter, know that they are a speedy team, with plenty of combination, and a wholesome desire for hard work. They have plenty of weight, and are hard and close checkers. "Doc" Carmichael, "Jim" Steel and Donahue are all fast men.

Skating Championships in Norway.
Christiania, Feb. 15.—Eddie Plank, the Norwegian champion, won the skating championship of the world at the international meeting held at the Frogner near Christiansia Saturday and yesterday. Mathisen captured the 500 metres in 47-10 seconds, the 1000 metres in 9 minutes 20-5 seconds. The Russian, Ippolitov, won the 1500 metres in 18 minutes 47-8 seconds. Owing to the unfavorable conditions no new records were established. The king was among the spectators.

Eddie Plank Also Increases.
Philadelphia, Feb. 15.—Eddie Plank, the hero of the final game of last year's world series, when he led New York down only 2 hits, has returned with his contract assigned to Connie Mack, manager of the champion Athletics.

The veteran pitcher was offered the same salary he received last year, but wants an increase. Connie Mack says he cannot grant the request.
